TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of North Hampton in the County of Rockingham in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at the Town Hall in said North Hampton on Tuesday, the 10th day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. On petition of William P. Fowler and twelve others: To see if the Town will vote to take over the yearly maintenance of the eight street lights on the Ocean Boulevard, between the Hampton Town line and the Little Boar's Head fish houses, and to appropriate the sum of \$159. for the same.

4. On petition of ten voters: To see if the Town will vote to raise and appropriate the sum of Twenty-five Dollars (\$25.00) to be used for the care and maintenance of the Town Map for the ensuing year.

5. On petition of ten voters: To see if the Town will vote to close Little Road, a public Highway in the Town of North Hampton so called extending from Atlantic Ave. to Mill Rd.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and forty-two.

IRVING W. MARSTON,
FORREST E. KNOWLES,
JOSHUA F. DRAKE,
Selectmen of North Hampton, N. H.

REPORT OF LIBRARY TRUSTEES

During the past year the additions to the library total 161 volumes, classified as follows: Adult fiction 99, Juvenile fiction 28, Adult non-fiction 30 and Juvenile non-fiction 4. Also additional books have been presented by Miss Alice Pennock and Miss Helen Hood.

The library now contains about 4,300 volumes, of which about 2,570 are fiction.

Additional supports have been placed under the floor timbers. This was made necessary by the increasing weight of books in the bookstacks.

The money provided by the town has been expended as shown below:

Salary of Librarian (11 months)	\$229.16
New books	233.71
Periodicals	29.30
Fuel Oil	31.46
Electric Current	17.54
Paid Harry E. Carter, floor supports	76.08
Paid Herman L. Norton, mowing library grounds	7.00
Library Supplies	14.85
Miscellaneous	7.07

\$646.17

In addition to the amount above given we have spent for "books of permanent worth" \$12.50, being the income from the Marston Trust Fund.

We estimate the expenses of the library for the coming year as follows:

Salary of Librarian	\$250.00
New books	250.00
Periodicals	20.00
Fuel and Lighting	50.00
Repairs and Miscellaneous	30.00

\$600.00

SCHOOL REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of North Hampton:

I herewith submit to you my twelfth report as Superintendent of your schools.

The current school year began on Wednesday, September 3, 1941 with an enrollment of eighty in the Center School and eighteen at the East School. The largest grade is the first with seventeen pupils reported present in the Center and two in the East. The total of ninety-eight compares with the previous September enrollment of eighty-eight and a total enrollment last year of ninety-seven. It seems that the steady growth of recent years will continue for some time. If this proves to be the case, some change in organization will become necessary—perhaps the employing of an additional teacher or possibly the realignment of grades among our present staff.

The statistical report, included herewith, shows that the people of North Hampton, both parents and children have faith in their schools. The percentage of attendance is again high. Ninety-five per cent, while not as high as last year, is still well above the average of the state. The number of tardinesses is less than one third per pupil. The first requirement for a good school—that the pupils attend regularly—is fully met by our school.

In all times of National stress, as in the present war, it becomes increasingly important that everything be done to keep the life and school activities of our children as orderly and as near to normal as possible. Their avenues of interest must be kept broad and their entire personalities furnished opportunity for development. I believe our teachers are keeping this objective in the forefront of all school work. By the very variety of the different subjects which they teach, this is advanced. Still more is it accomplished by the varied presentation of the different subjects by the teacher. The teachers of North Hampton are skilled in this. We may be sure that our pupils' interests will continue to grow and develop even in time of crisis.

Music and Art become more important in time of stress and chaotic conditions. The work of Mrs. Janice Naves and of Mr. Hawkins is more necessary at this time than in previous years. Their results are well shown in various public appearances and exhibits but it is the daily contacts of pupils with these teachers and their interests that really produce the results from which our children benefit most.

The subject of Geography is especially difficult to handle at present. Changing political conditions make for confusion. Peoples, however, remain the same although boundaries may be altered. Thus while old geographies are of use from the point of view of occupations, races, natural resources, etc., they are of less use when political divisions are considered. To meet this difficulty Mr. Carter has developed a project of "writing our own geography." This in itself is of value in teaching pupils to distinguish the important from the unimportant, to attack a definite task, continue it for a considerable length of time and carry it to a successful conclusion. Is not this ability one of the keys to success?

It seems to me North Hampton is especially fortunate in keeping its staff of teachers. Mrs. MacKenzie, Mrs. Parker and Mrs. Naves are responsible for introducing the children to the school, for teaching them the foundations upon which later scholarship is built. That they are doing this well is proven by standardized tests regularly given and by the daily work in the school.

North Hampton has an increasing number of pupils attending high school. As a result of the vote of the school district meeting of March, 1941 most of our secondary school children are now attending Hampton High School. They are an integral part of the organization and are taking their full responsibility for the good reputation of the school whether it is in scholarship, athletics, or other social activities. Hampton High is glad to have our pupils. The present enrollment is thirty-four in Hampton and seven in Portsmouth.

The health of our children must be especially guarded during these critical times. I am recommending to you, as a board, the employment of a school physician to give thorough physical examinations to each of our pupils at least twice during their eight years in our schools. Eighty school districts in New Hampshire now employ a physi-

cian. This insures professional diagnosis which is supplemented by the continuing program of the school nurse. Five of the seven districts in this Union have such a program.

The schools of all of our towns should see that all pupils graduating from their courses are well trained in first aid procedure. Even apart from the present emergency, this is a valuable training which all should have. Heretofore trained first aid teachers have been few but with the courses that are now available the majority of the regular teachers will be able to qualify for this instruction. Such instruction will be a part of the regular approved course of study.

Teachers are devoting much extra time to war work and will continue to do so. Some are air raid wardens, some are taking their turn at observation posts. Some are in Red Cross work and a large number are attending first aid classes. As citizens and teachers they are under a double obligation since by the very fact of war, children are placed in added dangers. Children who must hear of a confused war-torn world wherever they turn are by that fact less easily taught. This necessitates added skill and added preparation on the part of the teacher. This fact will be recognized I am sure.

I wish to thank you, as a board, for valuable help received by me in the duties of my office.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

NURSE'S REPORT

There were 92 children examined with 68 more or less serious conditions found. Of these 48 were definitely corrected during the year through the cooperation of parents and their physicians or clinics. The dental clinic was held in the fall. 65 children have had complete dental care by the dental clinic or their own dentist. This shows fine cooperation of parents. The P. T. A. has given substantial help to this project. For this organization and the parents who have helped in this good work, the reward is to know that the children have been spared much pain and ill health as a result of the attention given. The audiometer which was given to the schools in this part of the state by the American Legion and Auxiliary for the testing of hearing was used in the schools. 62 children were tested with no serious loss of hearing found. All children are vaccinated and 86 have had the diphtheria antitoxin. Hot lunches are being served in both schools.

I wish to take this opportunity to thank our Superintendent, Mr. Gillmore, School Board, teachers, P. T. A., and parents for their splendid cooperation and help with my work.
